

Continued investment into our purpose built production facilities has seen our site grow to an impressive 45,000 sq ft housing several production lines Including that of our newly installed Grating Line. Our strict supply of RM ensures that we offer a superior finished product to each and every customer. Understanding the needs of the consumer is key and we aim to meet all requirements come what may. We have attained the highest standards in food manufacturing and by continued investment into our facilities we can offer various pack sizes and grated formats.

The following pack sizes are available:

- 10x1kg
- 6x2kg
- 5x2kg
- 2x5kg
